In response to the outstanding Office Action of August 24, 1999, please amend the above-identified application as follows:

IN THE CLAIMS:

Claim 8, line 2, change "then" to - - than - -.

REMARKS

Reconsideration of this application is respectfully requested in view of the foregoing amendment and the remarks that follow.

With regard to the language "entire length" in claim 8, it corresponds with its literal meaning. It means the length of something from end to end. In this case the length of the tooth face from its beginning at the edge to its radially inward spaced end.
